1. Environment	Desktop web-based tool for Windows and Mac PCs / Laptops
2. Supported Browsers	Safari (Mac only), Chrome, Firefox
3. Pre-Requisites	Valid Instructure-Canvas license

4. Release Details

4.1 Release Features

S. No	Features / Enhancements	Purpose
1	Multi-lingual Support	This feature allows the users to translate the Loree tool as their own languages. This release we have introduced three more international languages, which is Spanish, French and Portuguese. At any time, users can change their preferred language in tool itself.
2	Terms and Conditions	As a Product, In order to use the Loree, users must agree the End User License Agreement (EULA). When open the Loree at very first time, it will ask the Users to Agree the Terms and Conditions.
3	Image Search	An additional filter has now been added to the Image Search. This allows the users to filter images by entering the file name in Search filed.
4	UI related Changes	To make more flexibility on tool, the window size got increased inside Canvas LMS. Also, the window header UI changes were improved. In order to get the updated window size, latest CSS, JavaScript needs to be uploaded in Canvas Instructure.
5	User Guide	The initial version of the user guide has been created and will be available for use. The user guide is available at https://crystaldelta.atlassian.net/wiki/spaces/WPBEUD/pages/23691423/Loree+User+Guide
