4. Release Details

4.1 Release Features

S. No	Features / Enhancements	Purpose
1	Official Website	Now, Loree has officially launched with new branding and new official website: https://www.loree.io/
2	Social Media links	Now, Loree can be followed by Social media's worldwide. Follow us on: Facebook: https://www.facebook.com/landofloree/ Instagram: https://www.instagram.com/landofloree/ Twitter: https://twitter.com/LandOfLoree LinkedIn: https://www.linkedin.com/showcase/loree
3	Improved image fetching speed	The image fetching and loading response speed has been improved.
4	Categorizing Custom Blocks	Earlier, the custom blocks were saved directly into the users account with no categories. Now, the custom blocks also can be saved under user specified categories.
5	Share to Everyone	Now, the Admin can share the Templates or Custom blocks to Every teachers and Course Designers on the Instructure by choosing Everyone option from the list.
6	Filters on Custom Blocks	Now the users can filter the custom blocks using Blocks category name or Block name. Admins can additionally filter the Custom blocks using Sub-Accounts (Departments) as well.
7	Updated Icon + Table blocks	For Icons + Table blocks, the text box for Icons has been replaced into Image blocks.
8	Font-Family for Default blocks	Earlier, Loree had the "Times New Roman" font-family for all the Default blocks. Now it's been replaced into "Helvetica".
9	Special Blocks	The existing "Table blocks" section on side panel has been renamed as "Special Blocks".
10	Opacity on Style Manager	Style manager has now updated with new feature Opacity. It can be access under Typography and Decorations sections.
11	User Guide and FAQ pages	The user guide manual, Defect fixes, previous release notes and FAQ pages are available at: https://crystaldelta.atlassian.net/wiki/spaces/WPBEUD/overview

4.2. Change request included in the release

4.2.1. Functional Change Requests

- From the content bar on Loree editor, Header and Banner sections has been removed. Instead the Header functionality can be accessible under “Typography” Section.
- When department details were modified in Canvas account, it will be reflected when open the tool next time.
- In last release, the “Share” option on custom blocks has disabled. This release it was enabled for Admins and Course Designers.

4.2.2. Defect Fixes

- Template fetching and filtering issue resolved
- Delete custom blocks modal translation issues fixed
- Language dropdown place holder issues were fixed

4.3. Resolved Client Bugs

- Banner image maximum-width property set for 100% by default.
- Sub-Accounts list fetching issues were fixed.
- Accessibility on irames title attribute issues solved.

4.4. Open Defects & Known Issues

- Accessibility Checker reports needs to be improved on existing contents.
- For Arc Media, new login and password should ask when user changes their Arc password.
- Drag and drop images were not uploaded in image uploaded modal.
- When Admin of Instructure shared Templates to “Everyone”, it can be deleted only by shared user. But for custom blocks it can be deleted by others.
- In Safari, while using filters on blocks and Templates it’s not supporting auto-filter. For every filter search user should press the Enter Key.

5. Installation Note

5.1. Installation Procedure available in the downloaded installation setup file.

5.2. Key Notes

NA
