4. Release Details

4.1 Release Features

S. No	Features / Enhancements	Purpose
1	Loree on Canvas Course Navigation	Earlier the Loree tool can be accessed via Canvas External LTI's. Now the new Loree has been simplified to access it directly from Canvas course Navigation.
2	No more JavaScript and CSS to Configure	For configuring the Loree in Canvas LMS, no need to install any JavaScript and CSS in Canvas account. Simply by copying and pasting XML it will be configured.
3	Canvas Modules and Pages list	End users can access the native canvas modules rendered view inside Loree tool.
4	Edit the Page from Module	Loree allows the users to Edit the page from Loree modules by clicking Edit icon using toggle menu or Clicking the Page title.
5	Duplicate the Page from Module	Loree allows the users to duplicate the page from Loree modules list by clicking Duplicate icon using toggle menu.
6	Remove the Page from Module	Allows the users to remove the page from Loree modules by clicking Remove icon using toggle menu.
7	Publish or Unpublish the content	Allows the users to Publish or Unpublish the pages from Loree modules list. It can be done by using Publish/Unpublish icon below the page title.
8	Save or Save and Exit	Allows the users to save the modified content before exit the tool or save the content and navigate to Loree Modules list.
9	Edit code using HTML and CSS within modal	Allows the users to edit both the selected elements HTML and CSS styles from Edit code Modal.
10	Share Templates to Multiple Departments	Admin can share the templates to more than one Sub-Accounts simultaneously by selecting checkbox.
11	Share Custom Blocks to Multiple Departments	Admin can share the custom blocks to more than one Sub-Accounts simultaneously by selecting checkbox.
12	YouTube Video URL as Source	Instead of Copying and Pasting YouTube video ID, you can paste the complete URL.
13	Video Title on Component Settings	Users can provide video title attribute from component settings.
14	Updates on UI	Loree tool width and height, Workflow navigation has been updated.
15	Updated Global Templates	New templates have been added into Loree Global Templates.

S. No	Features / Enhancements	Purpose
16	Alert on Duplicate/ Remove pages	An alert will be displayed when user duplicate or remove the pages from Loree Modules list.
17	Responsiveness	The responsiveness across browsers and various resolutions has been improved.
