3. Introduction

3.1. Purpose & Scope

This release is focuses on key enhancements to the Loree tool which were requested by the various Canvas LMS users. As these enhancements mainly focusing on fetching the Canvas course Pages, Modules, Assignments, Discussions and Quizzes. So that Loree users can Edit, Delete, Publish, Unpublish, Duplicate and Preview on pages within Loree tool itself. Also, users can easily switch between Canvas and Loree by using Canvas course Navigation on Left. For more details on the product features that forms a part of this release, refer section 4.

3.2. Release Version

Loree Builder Version 1903.3

3.3. Environment

1.	**Environment**	Desktop web-based tool for Windows and Mac PCs / Laptops
2.	**Supported Browsers**	Safari (Mac only), Chrome, Firefox
3.	**Pre-Requisites**	Valid Instructure-Canvas license

4. Release Details

4.1 Release Features

S. No	Features / Enhancements	Purpose
1	Simplified navigation between Canvas and Loree	Earlier the Loree tool opened in full-width. So that, Canvas users can't simply navigate to the canvas course navigation. To overcome this difficulty, after opening the Loree tool, still users can direct access Native Canvas course navigation.
2	Loree on Full width	By clicking Canvas course Hamburger icon, the tool will automatically resize.
3	Filter course contents based on type	On top navigation of the Loree home page, Users can filter the course contents of Full list, pages, Assignments, Discussions or Quizzes.
4	Course Modules on Loree	Users will get their course Full list view within Loree tool.
5	Course Pages list on Loree	Get the Canvas course pages list within Loree. So that you can simply edit any pages of that course.
6	Canvas course Assignments list within Loree	Get the Canvas course Assignments list within Loree. So that you can simply edit any Assignments of that course.
7	Canvas course Discussions within Loree	Get the Canvas course Discussions list within Loree. So that you can simply edit any Discussions of that course.
8	Canvas course Quizzes within Loree	Get the Canvas course pages list within Loree. So that you can simply Publish/Unpublish or delete within Loree itself.
9	Edit the Pages	By simply clicking "Edit" icon on respective page from the list you can edit the page content using Loree Editor.
10	Edit the Assignments	Loree allows the users to "Edit" the Course Assignments by clicking Edit icon from the Loree Assignments list.
11	Edit the Discussions	By simply clicking "Edit" icon on respective Discussion from the list you can edit the Discussion's content using Loree Editor.
12	Delete the Pages	It allows the users to Delete the page within Loree.
13	Delete the Assignments	It allows the users to Delete the Assignment within Loree.
14	Delete the Discussions	It allows the users to Delete the Discussions within Loree.

S. No	Features / Enhancements	Purpose
15	Delete the Quizzes	It allows the Loree users to Delete the Course Quizzes from within Loree.
16	Duplicate the Pages	Loree users can duplicate the page within tool. The duplicated page will be added in bottom of the list. By default, the duplicated content status will be Unpublished.
17	Duplicate the Assignments	Loree users can duplicate the Assignments within tool itself instead of going back to Canvas course.
18	Duplicate the Discussions	Loree users can duplicate the Course Discussions within tool. By default, the duplicated content status will be Unpublished.
19	Publish/ Unpublish the Course Pages	Loree allows the users to Publish or Unpublish their course pages within tool itself
20	Publish/ Unpublish the Course Assignments	Now onwards Loree allows the users to Publish or Unpublish their course Assignments within tool itself.
21	Publish/ Unpublish the Course Discussions	Users can Publish or Unpublish their course Discussions within Loree tool itself.
22	Publish/ Unpublish the Course Quizzes	Loree allows the users to Publish or Unpublish their course Quizzes within tool itself
23	Preview the Course pages	By clicking course pages title on Loree pages list will display the page preview on modal. The main purpose of having the preview is the users can view the canvas rendered page view within Loree.
24	Navigate to FAQ and User Guide	To get more details about the Loree features and functionalities, you can click Help on top navigation and select Frequently Asked Questions (FAQ) or the complete End User Manual.
25	Upload Videos on Kaltura	Loree allows the users to Upload Videos for Kaltura Media and they can use it in Canvas courses.
26	Loree Dashboard for Admins	Admin's can view the list of Loree users, Templates, Custom Blocks and Loree configuration details on their Dashboard. The Dashboard will be managed by Externally and not in Loree tool.
27	Admin of Sub-Accounts can share templates/blocks to nested Sub-Accounts	Admin of Sub-Accounts can get their nested Sub-Accounts list for sharing the Templates/ Custom Blocks.
28	Removed "Everyone" on Share Templates/Blocks	In order to improve the Sharing templated feature, we have removed "Everyone" option from the department list.

S. No	Features / Enhancements	Purpose
29	UI changes on Blocks	By hovering the Loree Editor Icons and Blocks will be highlighted. Over all Responsiveness improved.
30	Blocks "Table" renamed as Grid	Under Special Blocks, the Label name "Table" renamed as "Grid"
